

TRANS-BAR KS KEY SOLUTION

BUAOLI®

BAR/COIL MULTI-SPINDLE MACHINES

TRANS-BAR KS KEY SOLUTION

EN

Flexible Manufacturing Cells for lock bodies and plugs from profiled bars, equipped with high speed electro-spindles (36 000 rpm) for pin holes.

- High precision;
- High efficiency;
- High productivity;
- High flexibility;
- Zero change-over feature available.

IT

Celle flessibili di lavorazione per cilindri e cilindretti per serrature da barra profilata.

Forature radiali mediante elettro-mandrini ad alti giri (36 000 rpm).

- Alta precisione;
- Alta efficienza;
- Alta produttività;
- Alta flessibilità;
- Possibilità di riattrezzamento automatico (produzione su ricetta).

DE

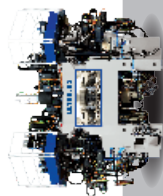

Flexible Bearbeitungszellen für Schließzylinder für Schlösser aus Profilstangen.

Radialbohren mittels Hochgeschwindigkeits-Elektrospindeln (36 000 UpM).

- Hohe Präzision;
- Hohe Effizienz;
- Hohe Produktivität;
- Hohe Flexibilität;
- Möglichkeit des automatischen Umrüstens (Produktion nach Rezept).
